

COMPOSITE SAFETY PARTITIONS

SAFETY WITHOUT COMPROMISE!

STANDARD COMPOSITE PARTITION

- › Built from durable impact-resistant TPO
- › Grab handle included for easy access into the vehicle

MAX VIEW COMPOSITE PARTITION

- › Clear top provides 180° rear visibility reducing blind spots
- › Sturdy mounting bar included for accessories and extra storage

ONE-PIECE COMPOSITE PARTITION

- › Single piece design for faster assembly and install
- › Available with a window or as a solid partition

COMPOSITE SAFETY PARTITIONS

BUILT TOUGH

- › Designed, built and tested to exceed ISO 2795 standard for partitioning systems.
- › Made from sturdy TPO for maximum impact resistance.
- › Thermally stable in all weather conditions.

MADE FOR COMFORT AND EFFICIENCY

- › Contoured design for full seat travel and a 25° recline.
- › Tight fit to the walls and floor regulates heating and cooling in the cab.
- › Thick composite material dampens noise from the cargo area for a quiet ride.
- › Contoured shape ensures there is no loss of floor space in the cargo area.
